BAYSHORE

PEPPERCORN

The 37MBH features a cozy loft sleeping area with a built-in staircase.

37MBH

All spacious master bedrooms come standard with 32" LED TVs, roomy cathedral bedroom slide outs and Serta® queen beds with residential bedspreads and matching pillow shams. A king bed is available as an option.

CEDAR CREEK'S FAMOUS ALL ALUMINUM SUPER STRUCTURE

CHECK OUT OUR CONSTRUCTION VIDEO AT WWW.FORESTRIVERINC.COM/SILVERBACK

ROOF - CALCULATED R-VALUE = R-38

- ◆ Roof - calculated R-Value = 38
- ◆ Radiant shield insulation, 97% reflective/3% emission (Valued at R-38)

- ◆ 2 Layers of residential home Eco-Batt glasswool insulation (Valued at R-14)
- ◆ Triple layer insulation supplements the cohesive retention factors of roof decking and rubber membrane
- ◆ Attic vents
- ◆ Full length 3/8" wood roof decking for a full walk on roof
- ◆ 2" x 2" - 16" OC 5" Aluminum truss roof rafters

- ◆ 2-Ply Tuff Ply rubber roof membrane with built-in fire retardant and 12 year warranty
- ◆ Full length drip rails from the front to the rear of the unit
- ◆ Roof is bolted to sidewall with 5/16" x 3-1/2" carriage bolts
- ◆ 5" Radius roof

COLD ROOM TESTED

- ◆ Calculated R-value = R-38 in the roof and floor
- ◆ 12 Volt heating pads on all tanks
- ◆ 2 Layers of residential insulation
- ◆ 1 Layer of radiant shield Thermo-foil

Cedar Creek
SILVERBACK EDITION

FLOORS & UNDERBELLY - CALCULATED R-VALUE = R-38

- ◆ Cambered I-beam frame (10" on 29RE, 29IK; 12" on all others) with large support outriggers and full length welds
- ◆ Fully enclosed underbelly with 4' x 8' ABS removable panels for easy access to the tanks
- ◆ Radiant shield insulation, 97% reflective/3% emission (Valued at R-38)
- ◆ 2 Layers of residential home Eco-Batt glasswool insulation (Valued at R-14)
- ◆ 12 V Heating pads on ALL tanks
- ◆ Handmade 3" aluminum frame floor with in-floor heat ducting
- ◆ 5/8" tongue and groove plywood floor decking held down by Silaprene super adhesive and screws every 6" in floor joists
- ◆ Triple layer insulation enhances the protective values of plywood, vinyl, carpet, carpet pads, tank heaters, etc.

Aluminum studded sidewalls and roof trusses on 16" centers or less

Thick Silaprene super adhesive (475 PSI) guarantees solid contact between the True bonded gelcoat and aluminum frame without lamination

2" x 3" Aluminum floor studs

R-38 Radiant shield Therma-foil wrap through ceilings, underbellies and under front cap.

2" THICK SIDE WALLS - CALCULATED R-VALUE = R-9

- ◆ Cedar Creek's famous all aluminum super-structure. Handmade 2"x 2"/16" (or less) on center sidewalls and individually fastened custom "L" brackets combined with 3M® Silaprene super adhesives for a strong flexible frame without welding or lamination. (475 PSI at 2" per minute) - because we depend on the frame for our strength!
- ◆ "True" Classic Performance Plus Gelcoat on all exteriors - the best of the best in fiberglass. Don't accept "Hi-Gloss Fiberglass" or "Gel-Coated" sidewalls - only True Performance Plus Gelcoat stands the test of time.
- ◆ All 1-1/2" thick baggage doors and entry doors are made out of "True" Classic Performance Gelcoat to prevent uneven aging of your unit!
- ◆ Sidewalls are bolted to the floor with 5/16" x 6-1/2" carriage bolts at each outrigger
- ◆ Glued R-7 Eco-Batt glasswool insulation, expanded to full capacity within the sidewall frame
- ◆ Designed by Cedar Creek, a unique slide out seal system for tighter, stronger water protection - first of its class - compare it!
- ◆ Slide rooms insulated on all five sides

Residential, glasswool insulation designed by nature

FLOORPLANS

Silverback's luxurious bath includes a large 48" shower with seat and glass doors, porcelain toilet, and a Create-a-Breeze fan.

Removable "Soft Top" vinyl storm doors allow light and visibility without losing cooling or heating.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axes.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All Weights listed above are base weights. Weight capacities +/- 5%. NOTE: All fifth wheel lengths include extended pin box and 4" bumper. Model number of any particular unit does not necessarily reflect the overall length of the unit itself.

Silverback's front storage compartment is insulated with 1-1/4" thick baggage doors.

The central docking station includes the water bypass, outside shower, easy access dump valves, slide-room valves and water systems.

LG Solid surface countertop and dual bowl, stainless steel sinks

Another feature that we've taken from

residential construction is our super quiet "HP" (High performance) 15,000 BTU air conditioning system, which includes a larger compressor and cold air returns! This means 30% more air is being forced into the coach than a standard 15,000 air conditioner.

All Silverback fifth wheels are now prewired for an optional Furrion wireless camera. This back-up camera system utilizes wireless digital technology for a clearer rear view and enhanced safety.

A&E metal wrapped awning with LED night light strip.

- ◆ Furrion rear camera - mounted
- ◆ Solar prep
- ◆ 200W Solar panel
- ◆ Roof mounted King Satellite

OPTIONAL "LEVEL-UP"™ 6-POINT HYDRAULIC STABILIZATION SYSTEM

Rated #1 Customer Preferred Option
Leveling and stabilizing a fifth wheel has never been easier. Patented "Level-Up" technology makes set ups faster, and a lot safer than the older systems. This system stabilizes the coach once the legs have been set. Powerful "Level-Up" even has the strength to level a unit with the tires off of the ground.

29RE

This popular rear living room provides plenty of comfortable living space for visiting family and friends. The La-Z-Boy® hide-a-bed sofa converts to an additional sleeping area for your guests. The beautiful rear entertainment wall, with brick fireplace surround, brings an inviting and residential look to this spacious floorplan.

I TRAVEL NOT TO GO ANYWHERE, BUT TO GO. I TRAVEL FOR TRAVEL'S SAKE. THE GREAT AFFAIR IS TO MOVE.
- Robert Lewis Stevenson

Learn More

Scan this barcode using a QR Reader on your smart phone to learn more about Forest River.

A Berkshire Hathaway company.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
