

Wildcat

TRAVEL TRAILERS & FIFTH WHEELS

Affordable Luxury

A Berkshire Hathaway Company

323MK

Welcome to Affordable Luxury

32BHX

Whether you're a weekend warrior, a full-time snowbird, or planning week-long vacations throughout the year, you're sure to find the perfect home away from home in the Wildcat line-up. Wildcat offers everything from Ultra-Lite Travel Trailers to Wide Body Quad Slide Fifth Wheels that are designed for any excursion you may have planned.

32BHX

323MK

Fifth Wheels

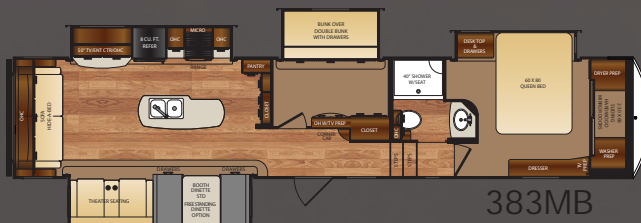

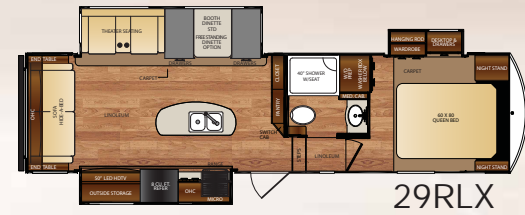

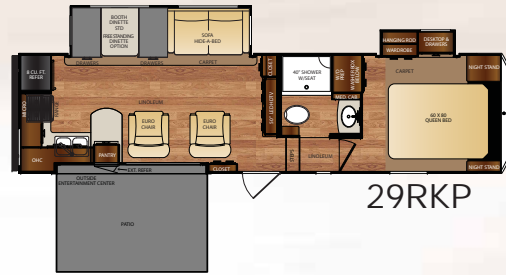

Affordable Luxury is a focus we have never wavered from since our launch over 15 years ago . . . The popularity of our Fifth Wheels have grown along with our clientele by adding the creature comforts of home, including beautiful Solid Surface Countertops, Raised Panel Cabinet Doors, matching Hardwood Fascia, and a 50" LED HDTV on a Swing Arm so there's never a bad seat in the house.

With the innovation matching the demand our customers merit, it comes as no surprise that Wildcat has some of the highest repeat business in the industry.

32WB

Wide Body Fifth Wheels

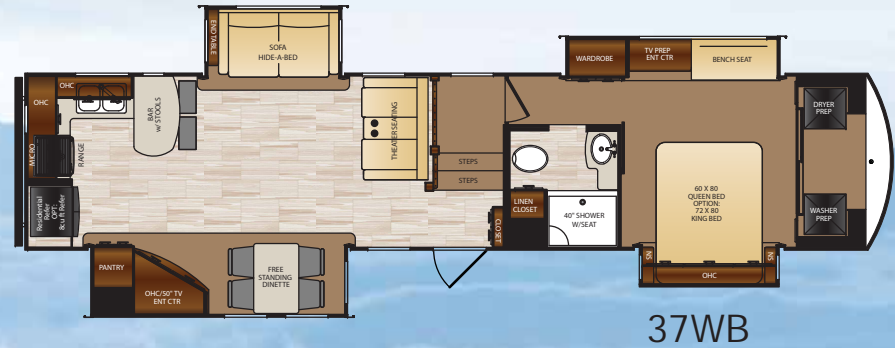

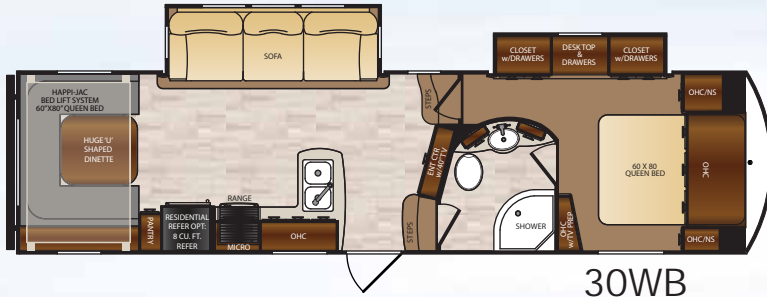

When you walk into a Wildcat Wide Body Fifth Wheel, you recognize the differences instantly. The extra width and height provides an “open” feeling not found in competitive products. Your journey upstairs is highlighted by a more spacious bathroom, increased walking space around your optional king-sized bed, and superior headroom at the master closet.

Best of all, our engineers have created floorplans that can only be perfectly executed by utilizing these extra “wide body” dimensions. When you are looking for affordable luxury combined with full-time expectations, Wildcat Wide Body Fifth Wheels are the perfect solution.

27RL

Ultra-Lite Fifth Wheels

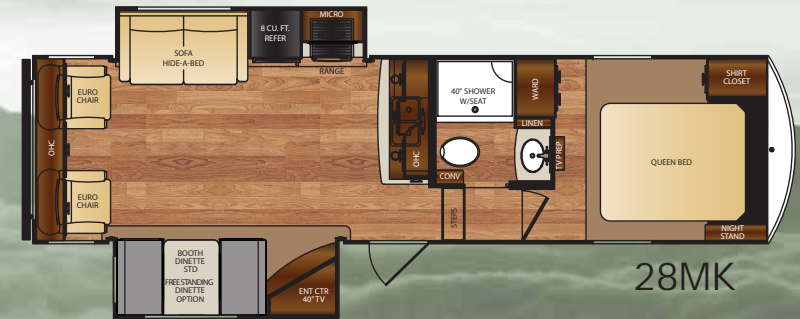

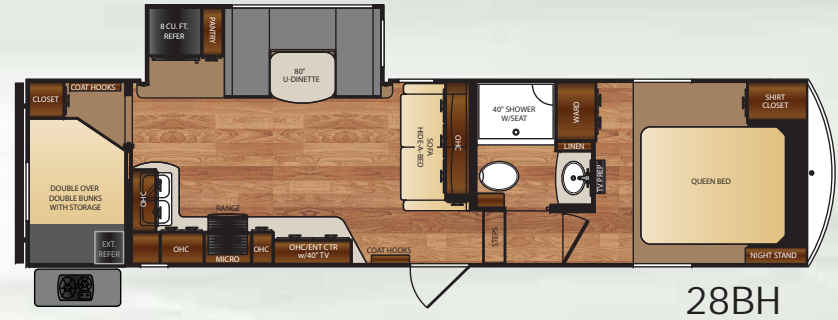

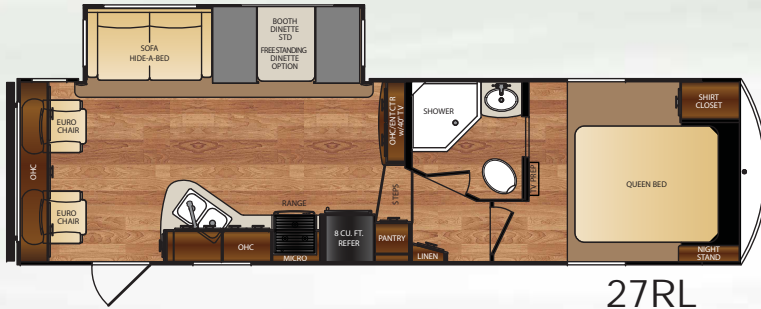

Wildcat Ultra-Lite Fifth Wheels are designed for ease of towing with many of today's half-ton tow vehicles.

However, you NEVER have to sacrifice when choosing a Wildcat Ultra-Lite. Your comfort is assured with residential furniture, deluxe bedding, and upgraded appliances. Convenience is found throughout with large cabinets, abundant drawers, and spacious countertops. Finally, quality is a priority with our trademark AlumaCat™ construction, enclosed underbelly with heated holding tanks, screwed cabinet frames, and solid wood cabinet doors.

Tow with ease . . . tow with confidence . . . tow a Wildcat Ultra-Lite.

A detailed view of the interior of a Wildcat travel trailer. The space is divided into a living area with a black leather sofa and a dining area with a dark wood table and chairs. A central island with a granite countertop and a double sink separates the living area from the kitchen. The kitchen features wooden cabinetry, a stainless steel microwave, a gas stove, and a refrigerator. Large windows provide a view of the outdoors. The floor is covered in wood-look laminate. The ceiling has recessed lighting and a decorative light fixture.

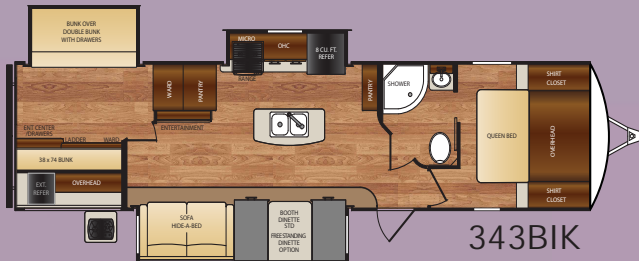

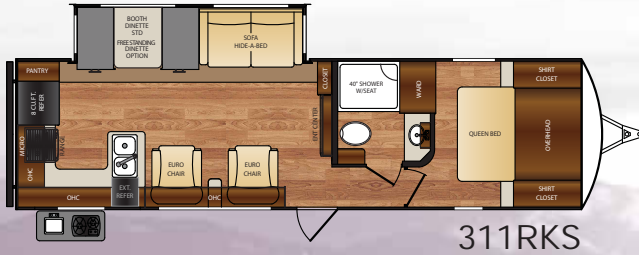

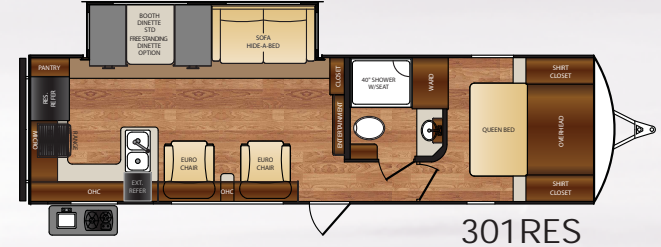

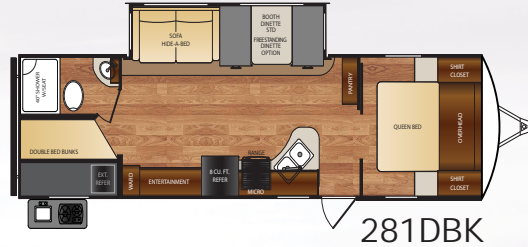

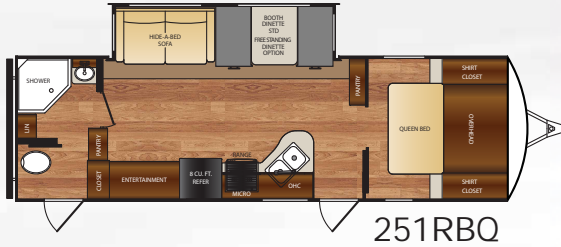

312RLI

Travel Trailers

When you purchase a Wildcat travel trailer you'll have the peace of mind in knowing that your RV features the same quality construction that our Fifth Wheel buyers have come to love. This means you receive a Best-In-Class Insulation Package, the same exact wall construction as our Fifth Wheels with full 2" double welded aluminum studded wall construction and a Universal Exterior Docking Station that the competition doesn't offer. Our travel trailers provide you with the most standard features along with a weight that allows for ease of towability.

This is what we call affordable luxury. Come home to Wildcat . . . your next trip is right around the corner — enjoy it in style.

Coach-Net's fast, dependable service is just a phone call away.

Coach-Net®
RV Technical & Roadside Assistance

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment. ** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River, Inc., dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
