## The industry's best rugged construction.

Work and Play's Industry Exclusive FRP Gelcoat Sidewall offers the distinguished buyer four color options, and its rugged construction allows Work and Play to build you the industry's best floorplans with the most carrying capacity. Work and Play has both garage and open concept floor plans. Many of the Work and Play beds are full length residential size queen beds, making it easy to select that perfect sheet!

25WAB / BATHROOM

30WRS / LIVING AREA

## Lots of living space for all.

Work and Play delivers headroom in the bathroom with our 7'6" interior height which is standard in the FRP and Ultra Series. The optional Happi-Jack Bed offers additional sleeping space for your family and guests.

28UCR / LIVING & KITCHEN

## Ultra lite. Ultra fun.

The Work and Play Ultra Series has the time tested construction Work and Play is known for, offered in two exterior distinguished colors. Utilizing a two inch laminated side wall the Ultra Series offers a light weight coach for weekend fun! With both garage and open floor plan concepts, Work and Play offers a unit that's perfect for you!

**ULTRA** SERIES

25ULA / LIVING AREA

25ULA / GARAGE

The Work and Play front cap, standard on most Ultra and FRP coaches, (option on 18EC) gives an aerodynamic look, generator protection and storage so you're not taking up potential pass through storage, as well as protection for the LP tanks.

# Our fifth wheels pull like a dream.

Are you looking for a fifth wheel that cuts the headwinds like a travel trailer? The Work and Play low profile fifth wheel does exactly that with cargo lengths ranging from 10 - 19 feet. Work and Play also builds a high profile fifth wheel with a walk around bed, full residential bathroom, and cargo lengths from 11 to 21 feet.

# WORK and PLAY

- 1. Seamless one piece aluminum roof with solid cove molding edges. Rugged and no streaking from a rubber roof.
- 2. Low ramp transitions and clearance for easy loading (up to 5000 lbs ramp door capacity). We can carry cars!
- 3. Powder Coated chassis with 16" on center steel cross members throughout cargo area (Carrying capacities from 3,000-5,000 lbs.).
- 4. 14 gauge, 4" Steel Roof Rafters every 16" throughout the coach.
- 5. Million Mile Fasteners with nylon bushings and thread adhesive to assure a secure fit for the life of the coach.
- 6. Name Brand Dexter Axles ranging from 4400 lbs to 7000 lbs. in capacity.
- 7. 4 Gel Coat Exterior color options: White, Silver, Red, and Black
- 8. Aerodynamic front caps with enclosed generator space (n/a on LE's), allows for pass through storage on certain floor plans.
- 9. NEW! Solar prep option. Maintain your batteries by doing nothing, just plug and let it work.
- 10. NEW! Power awning with LED Lighting. Full awning length LED Lights.
- 11. High Efficiency LED Lighting throughout interior and exterior. Better lighting, less heat, less drain on batteries.
- 12. 7'6" headroom throughout Offering plenty of height for the big toys, yet pulls with a low profile.
- 13. Easy Maintenance Foil-Wrapped Countertop. Unlike a T-mold countertop, grime will not get caught in any crevices.
- 14. Speed-Cook Convection Microwave. Lower cook times let you eat sooner!
- 15. Std 15,000 BTU Air Conditioner (n/a on LE's) Cools the unit much faster in the heated days of summer.
- 16. NEW! 8 cu.ft. refrigerator (n/a on LE's and V-nose). More room for the long weekends of playing.
- 17. 60" x 80" queen beds in most floor plans

54" or 60" Happijac Bed

### PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

### Specification Definitions

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

**UVW (Unloaded Vehicle Weight)\*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

\*Estimated average based on standard build optional equipment.

**CCC (Cargo Carrying Capacity)\*\*** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*\* Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

### NOTES

### 24/7 EMERGENCY ROADSIDE ASSISTANCE

For a worry-free ownership experience Forest River includes one year of Coach-Net RV Technical & Roadside Assistance with each RV purchase. Whether new to the RV lifestyle or an experienced RV enthusiast, Forest River owners have 24/7 access to technical, operational and emergency road service coverage throughout the US & Canada. Coach-Net's fast, dependable service is just a phone call away.
