NITRO

CLEAN, CONTEMPORARY STYLING

Nitro is known in the industry for a distinctive style with premium kitchen appointments, versatile, well-planned living spaces and garage essentials to fit your growing family and ever changing interests. All Nitros come with an XLR king bed for a better night's sleep.

Garage "flex-rooms" maximize versatility and extend living space. Nitro toy haulers are designed to fit today's most popular side-by-sides, four wheelers, motorcycles, grills, kayaks and bicycles. 5000 lb. D-rings attached to the frame secure your cargo.

35DK5

Nitro fifth wheels impress with styling that amps up the WOW factor! Rich Espresso cabinets contrast with tile pattern flooring. Contemporary kitchen appointments include a stainless steel sink and appliances, cabinets with hidden hinges for a sleek look, loads of counter space, plus plenty of storage.

35DK5 This plush master bedroom is complete with an XLR king bed, nightstands, an electronics charging outlet, overhead cabinets, and a large wardrobe slide out with drawer storage. (Espresso cabinetry)

37VL5 Solid wood slide out fascia surrounds Nitro's plush, three seat, Zero wall recliner sofa with integrated lumbar support, heated massage, LED lights, and cup holder. An above garage loft is a great sleeping place for kids, or serves as additional storage. An access ladder stows away in the garage. (Gunmetal décor shown)

37VL5 Our unique V-nose bedroom offers a huge wardrobe slide out with drawers, cross ventilation windows and exceptional head board storage.

NITRO

WELL PLANNED LIVING SPACES

At the end of the day, the right Toy Hauler delivers the best of both worlds – a relaxing retreat after an exciting day's adventure, and a safe, secure shelter for your toys, dogs, gear, equipment – anything!

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

DECOR

CONSTRUCTION

Standard Fifth Wheel

1. Gel coat fiberglass radius cap
2. Radiant foil barrier
3. 7,000 lb. E-Z Lube® Dexter® Axles (FW)

24. 102" Widebody construction
25. Full walk on roof
26. 2" Aluminum framed sidewalls

Both the standard and V-nose front caps are two-tone painted for outstanding curb appeal.

PERFECT FOR SHORT BED TRUCKS

XLR offers two V-Nose models that are unique to the Toy Hauler industry. The aerodynamic V-nose front end provides a better turning radius and allows towing without a slider hitch on short bed trucks, plus improves fuel economy. Insects bounce right off the V-nose resulting in quicker clean up. (33VL5 and 37VL5)
