## SWEET 16

FEATURE	BENEFIT
<b>TRUE-SHEEN HIGH GLOSS EXTERIOR SHELL</b>	Unlike textured filon fiberglass, a high gloss fiberglass exterior is easier to keep clean, easier to repair, and provides a high end look. Being white in color, sunlight is reflected away from the camper, keeping it cooler inside.
<b>TIRE PRESSURE SAFETY SENSORS</b>	Convenient safety check before heading off ensuring that your tire pressure is up to the task, easy to read... <b>RED</b> =bad... <b>GREEN</b> =good, correct pressure also means better gas mileage and proper towing
<b>GEN III ELECTRIC AUTO LEVELING SYSTEM</b>	This 12 volt system provides a simple, easy way to level and stabilize the camper when parked. The hitch height memory ensures the pin box will be at the proper height for quick connection to the truck when ready to tow. Convenient controls located outside and inside.
<b>FRICTION HINGE ENTRY DOOR</b>	Requires no latches or struts to hold the door open. Allows 180 degree opening radius for easier entering/exiting of the camper and can withstand 30 mph wind gusts without slamming shut.
<b>QUAD "STEP ABOVE"</b>	Lightweight. Stable entry/exit to/from your FW. Stores securely inside door. Easy latch/unlatching system. Adjustable feet for uneven terrain. 500lb. weight capacity.
<b>PREPPED FOR SOLAR POWER SOURCING AND REAR VIEW CAMERA</b>	A 20 amp solar prep provides solar power to the batteries for charging when needed. The rear view camera prep allows the ability to see what's behind you when backing up or what's continuously behind you while towing, depending on the camera selected.
<b>FORCED AIR, HEATED AND ENCLOSED GATE VALVES AND UNDERBELLY</b>	Necessary for those campers that want to extend their season, keeps the undercarriage protected and gives pests an additional barrier to contend with.
<b>EZ-STOW ACCESSORY STORAGE RACK SYSTEM</b>	200 lbs. of storage capacity (not including spare), bulky/dirty items no longer have to go in your basement, allows you to bring more stuff for extended stays.

### SWEET 16

FEATURE	BENEFIT
<b>COLOSSAL CAMPER RESIDENTIAL, FRENCH DOOR FRIDGE WITH TWO FREEZER DRAWERS AND 1000W INVERTER</b>	This residential refrigerator offers 14.7 cubic feet of storage space that includes two deep freezer drawers. A 1,000W pure sine wave inverter prevents electrical spikes and is used to power the refrigerator when in transit or when "dry camping".
<b>2ND AC PREP W/50AMP, DETACHABLE, MARINE STYLE POWER CORD</b>	Allows for a simple 2nd AC install (if necessary) also provides the additional amperage cushion to run more of today's modern appliances without blowing breakers.
<b>SEAMLESS COUNTERTOPS THROUGHOUT</b>	Sleek modern look of solid surface without the additional cost or weight, easy to clean, no T-mold edge to collect water, debris or bacteria.
<b>DELUXE SOFT PULL ROLLER SHADES</b>	Blocks out cold, heat and light, color coordinated, smooth extend and retract operation. Single hand operation which means you no longer have to wrestle with oversized and heavy day-nite shades covering large windows.
<b>DOUBLE PORT, HIGH OUTPUT, USB CHARGING STATIONS</b>	Giving the modern "Clamper" more of what they need, at least (5) double port outlets in every unit, conveniently located at bunks, lofts, bed sides, kitchen bases and sofa end tables
<b>COMPLETE LED LIGHT PACKAGE INCLUDING AMBIENT CROWN MOLDING UPLIGHTING IN LIVING AREA</b>	LED lighting provides greater illumination, generates less heat, offers longer life, and requires less wattage to operate than incandescent lighting = overall better efficiency. Uplighting adds a touch of elegance and is seen in most high end motorhomes.
<b>CINEMAX SEATING WITH CENTER STORAGE, CUP HOLDERS, HEAT, MASSAGE AND ACCENT LIGHTING.</b>	COMFORT! Comes with heat and massage, backlit cup holders and accent underlighting, lays almost completely flat for snoozing, always set at a perfect angle to TV.
<b>HIGH OUTPUT FIREPLACE WITH REMOTE AND COLOR ENHANCEMENT</b>	Heats up to 500 sq. ft., settings for heat can be set between 65 and 95 degrees, light (3 colors) and multiple fan speed, all electric which saves on precious LP. comes with a fully functional remote for ease of use.
