SENSOR CODE DIAGRAM

RV or Tow Vehicle	#1	#2	
#3	#4		

After pairing your sensors, you may record their 6 digit code (or sensor number) by wheel position using these RV/Tow Vehicle and Trailer diagrams.

This allows you to know which sensor is programmed to which tire position at a glance.

After pairing your sensors, you may record their 6 digit code (or sensor number) by wheel position using these RV/Tow Vehicle and Trailer diagrams.
