CHEROKEE

TRAVEL TRAILERS, FIFTH WHEELS, DESTINATION TRAILERS

WHEN THE OPEN ROAD BECKONS AND THE
WANDERLUST STIRS, CHEROKEE, BY FOREST
RIVER, WILL HELP YOU ANSWER THE CALL.

Cherokee travel trailers and fifth wheels are built to give you better comfort, style and value, so you can enjoy your travels to the fullest. Our destination trailers are a luxurious end-of-the-journey in themselves – all available for you.

264DBH

SHOWN IN NATURAL

Designed with impeccable quality, distinctive features, superior comfort and remarkable affordability, the 304 BS stands above the rest. This model features a large super slide and dual slide outs in the rear bunk room for extra space and additional sleeping. The entertainment center with a beautiful fireplace showcases this great floorplan.

264DBH

274VFK

SHOWN IN NATURAL

The 274 DBH is the ultimate family camper. This unit features a double entry and access to the bath from the outdoors. The double bed bunk with ladder allows extra sleeping room for kids and adults as well. Amenities such as the custom kitchen with a large undermount stainless sink, glass cover cook-top and stainless oven, range hood and microwave highlight the cooking area. Our oversized full pantry gives you more than enough storage for groceries and outdoor gear. Also featured is our oversized U-shaped dinette with 2 full length drawers for more room for eating and additional sleeping.

39CA

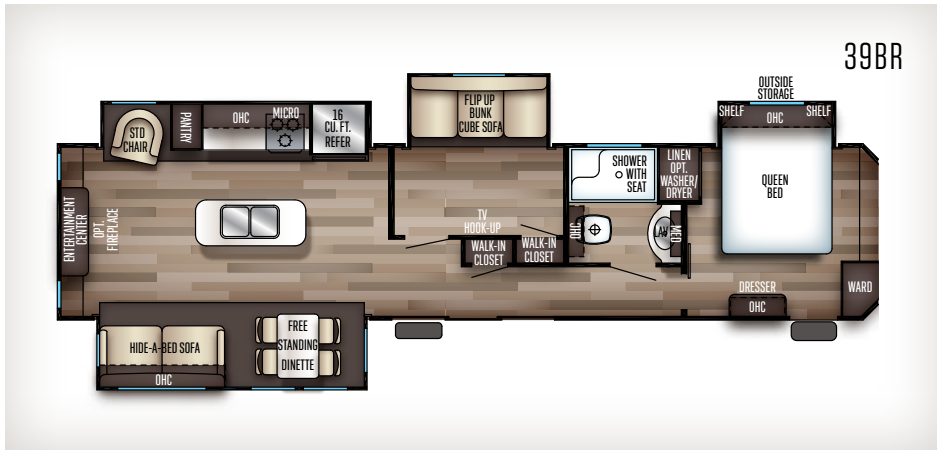

SHOWN IN NATURAL

The 274 RK features a super slide with a full length sofa with lighted cup holders along with dual oversized recliners. The rear kitchen features abundant counter top space for cooking as well as a full pantry. Extra large windows allow for great views of the outdoors as well as letting more natural light in. A large radius glass door shower and queen walk around bed round out the beauty of the great unit.

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water

(8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
