CEDAR CREEK / CHAMPAGNE EDITION

...the smart choice for the experienced RV'er

CEDAR CREEK CHAMPAGNE EXTENDED STAY FIFTH WHEELS

38EL | CHAMPAGNE
LINEN INTERIOR

Cedar Creek

THE CHAMPAGNE ADVANTAGE

Step up to a Champagne Edition fifth wheel, to experience a higher level of comfort. Champagne is designed with a simple philosophy in mind – luxury above all else. Tasteful, high sheen Ashley Grey cabinetry compliments residential appliances for an inviting interior that sets a warm tone for an extended stay.

Grey Water	80 gal.	80 gal.	82 gal.
Black Water	40 gal.	40 gal.	41 gal.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GVWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated average based on standard build optional equipment.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

CEDAR CREEK CONSTRUCTION – FOR YEARS OF CAREFREE CAMPING

100% Aluminum framed windows and baggage doors

"True" High Gloss Classic™ gelcoat exteriors

Cedar Creek's famous all Aluminum Superstructure on 16" centers or less, allows our frame to sit on top of the floor

High-Performance Quiet Zone™ Ducted Air System with two HP air conditioners, full 8" wide ductwork, a residential-style return air duct system and Comfort Control Center.

Hehr automotive frameless windows

Large surface, 12V heating pads on all tanks

Dexter® Safety and Performance Package

Cold room tested to 0° F with standard insulation and heating pads that allow all season camping

Residential Glasswool Insulation, designed by nature.

Water lines are insulated within the floor substrate, not below the floor

Cold water port

Z-Frame, heated front storage compartment with rhino floor and vaccum port

Optional Level-Up 6-point hydraulic leveling system

3" Aluminum floor studs, heat duct and 5/8" tongue and groove plywood floor.

R-38 Radiant shield Thermo-foil wrap through ceilings, underbellies and under front cap.

SIDE WALLS

• 2" x 2" - 16" sidewalls with individually fastened custom "L" brackets, are adhered with 3M® Silaprene for a stronger frame without welds or lamination.

- "True" High Gloss Classic Gelcoat on all exteriors withstands the test of time.
- 3M® Silaprene Bonded Sidewalls – outstanding resistance to UV, heat, cold, moisture, oils, gasoline, and highway chemicals. A resilient, bond that grows stronger with time.
- Sidewalls are bolted to the floor with 5/16" x 6-1/2" carriage bolts at each outrigger.
- Glued, R-7 glass wool insulation expands to its full capacity within the sidewall frame.
- Slide rooms are insulated on all five sides.

FLOORS

• 3" Aluminum frame floor, in-floor heat ducting and radius "L" brackets.

• 3M® Silaprene adhesive bonded.

• Cambered 12" I-beam "Z" frame, with large support outriggers and full length welds.

- 5/8" Tongue and groove plywood floor, screwed every 6" to the aluminum frame; bonded with Silaprene.
- Fully enclosed ABS removable panels, for easy underbelly access. Attached with wood stringers – no holes in the frame.
- Triple layer insulation.
- 12V tank heaters on all tanks.
- Radiant shield insulation – 97% reflectivity, 3% emission.
- Water lines are located inside the floor; away from exterior walls.

ROOF

• Full-length 3/8" wood roof decking – full walk-on roof.

• Triple layer insulation.

• Aluminum Truss Rafters on 16" centers.

• 8" Circular ducting combined with our high performance air conditioners produces a 30% increase in air conditioning performance over our competitors.

- TPO Vinyl Roof
- Roof is bolted to sidewalls with 5/16" x 3-1/2" carriage bolts
- Radiant shield insulation extends to the bottom of the front cap – R-Value 40, 97% reflectivity, 3% emission
- Attic vents

THE CEDAR CREEK OUTDOOR PARTY CENTER

The Cuisinart® Private Reserve® Wine Cellar quietly and efficiently maintains the ideal storage temperature, (between 39°-68°F), to preserve the quality of your favorite wines. This thermoelectric cooling system is touchpad controlled, has a stainless finish and soft interior lighting.

This optional 20" wide party slide tucks nicely into the front storage compartment. It has a 50" hidden TV on a double lift, a fold-up countertop with hidden storage, a 110V mini refrigerator and a Suburban gas griddle on a steel slide out tray. (N/A 38EFK)

Truma™ AquaGo Comfort – A New Generation of Instant Water Heaters – Instant, constant, endless – the Truma AquaGo supplies hot water reliably around the clock for showering, rinsing, and hand washing. A 12 Gallon Gas/Electric water heater is standard in all Cedar Creek units.

ConnectAnywhere

The ONEControl® System is a central hub for RV operations. Control and monitor many systems via the panel or smart phone app.

INTERACTIVE MOBILE MANUALS
