WHEN THE OPEN ROAD BECKONS AND THE WANDERLUST STIRS, CHEROKEE, BY FOREST RIVER, WILL HELP YOU ANSWER THE CALL.

Cherokee travel trailers and fifth wheels are built to give you better comfort, style and value, so you can enjoy your travels to the fullest. Our destination trailers are a luxurious end-of-the-journey in themselves – all available for you.
The Cherokee 234DC continues the tradition of practical excellence. The u-shaped dinette seats plenty while the optional outdoor kitchen expands your options if you prefer eating outside near the fire. The solid door entry to the master bedroom gives an added sense of privacy when sleeping on the queen sized bed. It’s a perfect couple’s coach with the option to host guests.
The larger camping family will love the 274BRB. The outside kitchen, front and rear entry doors, walk-in pantry and u-shaped dinette makes camping practical and easy. And when it’s time to sleep, everyone has their spot. The private bedroom up front is perfect for the parents while your kids sleep on the double-size bunks in the back of this unit.
Couples will enjoy this 274RK with its rear kitchen, master suite and living area. And when you have guests or family going with you on a special trip the dinette folds down into additional sleeping space. Thankfully the bathroom can be accessed separately from the master bedroom, so as not to disturb those sleeping in.
After a long day playing hard outside, come in to the 306MM and relax in the large front living room. Watch the video highlights from your adventures on the large entertainment center. There’s plenty of seating for you and guests! Features like the optional washer and dryer, walk-in pantry, and outside kitchen makes camping feel like home.

The spacious 39CA is a wonderful home away from home for extended camping. The floor plan boasts two full bathrooms, two bedrooms and a loft with Teddy Bear® sleeping mats. With so many people able to sleep and enjoy the trailer the 18 cu. ft. refrigerator and walk-in pantry has more than enough room to feed the guests and grand kids. This model has everything you need for your next adventure!
The 39DL floor plan is carefully thought-out to maximize the function and flow of the trailer. The rear living room is situated with two chairs and a 58” sofa with a large entertainment center and fireplace. The island kitchen with 18 cu. ft. refrigerator and two large walk-in pantries makes food prep feel just like home. The private bedroom and loft area gives parents and kids their own space to wind down for the night.

[VIEW VIRTUAL TOUR] [OPEN FLOOR PLAN SHEET]
Get ready to let the fun continue all weekend long with the 255RR toy hauler! While you travel, there is plenty of room for a few dirt bikes, a four wheeler, or an ATV. Unload your off-road toys and you can set up the flip-up sofas and free-standing table for a nice area to sit, visit, and dine. The exterior pass through storage has plenty of room for chairs and outdoor games. At night, you can retreat to the master suite where you will find a queen bed with wardrobes on either side and overhead cabinets, plus an entrance into the dual-entry bath!

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight) * - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit’s axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity) ** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River, Inc., dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
