PRE-DELIVERY INSPECTION FACILITY
20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Specification Definitions:

GVWR (Gross Vehicle Weight Rating): is the maximum permissible weight of the vehicle as loaded. It includes all weights, including all fluids, cargo, Optional equipment and accessories. For safety and product performance do not exceed the GVWR.

GAWR (Gross Axle Weight Rating): is the maximum permissible weight, including camp, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight): is the typical weight of the unit as manufactured at the factory. It includes all weight of the unit’s axles(s) and tongue or dolly and LP Gas. The UVW does not include cargo, fresh portable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)**: is the amount of weight available for the transport of cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC is reduced when the unit is loaded. Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifies the included vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The laden weight of your unit is designated by weight, won’t be removed, so you cannot necessarily see all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment, and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho. U.S.A.
