

SIERRA

LUXURY DESTINATION TRAILERS

Featuring Graphite Decor

399LOFT

ROOM TO ROAM

The 399LOFT is the ultimate package for destination living. Whether you have a full crew or just visitors on the weekends, this floorplan has what you need for all occasions. A residential 22 cubic foot refrigerator,

four burner cooktop and floor to ceiling pantry are just a few of the amenities that this floorplan offers. The winding staircase takes you to the top loft where extra space for sleeping or storage awaits.

403RD

DESTINATION LIVING

The 403RD is a lakeside paradise. This floorplan offers two separate sliding glass patio doors to invite mother nature inside. Natural light will pour in, making you feel right at home. The rear den arrangement allows ample space for entertaining. Two hide-a-beds and theater seating offer plenty of

sitting space. The kitchen is equipped with an island, a full pantry and buffet style solid surface countertops. Along with a full walk in shower this unit offers a wardrobe slide for hanging clothes. This model is also prepped for a separate washer and dryer unit for those long stays. The 403RD is truly one of a kind.

YOUR LOCAL SIERRA DEALER

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
