

Surveyor

BY FOREST RIVER

STOP DREAMING. START CAMPING.

Surveyor Legend & Luxury models are fabricated with innovative and unique construction materials for uncompromised durability and strength. Simply said, Surveyor is the, "Best Constructed, Most Turn-Key Ready To Go" trailer on the market!

Wall Construction (R7, R9)

- Pinch roll laminated at 1600 PSI, 100% glue coverage. - Closed Cell Block Foam Insulated, optimum comfort.
- Air-Pressure Sealed Tested, ensures maximum efficiency.

Lami Plast Enclosed Heated Underbelly

- Insulates underbelly & tanks, forms a double walled layer pocket of air.
- 2" aluminum floor features block foam insulation and double layer plywood offset, on interior.
- Radiant heated, camping in all seasons!

Aluminum Framing All Openings

Windows; No caulking required, saves time and up to \$100s annually! Best structural integrity in its class.

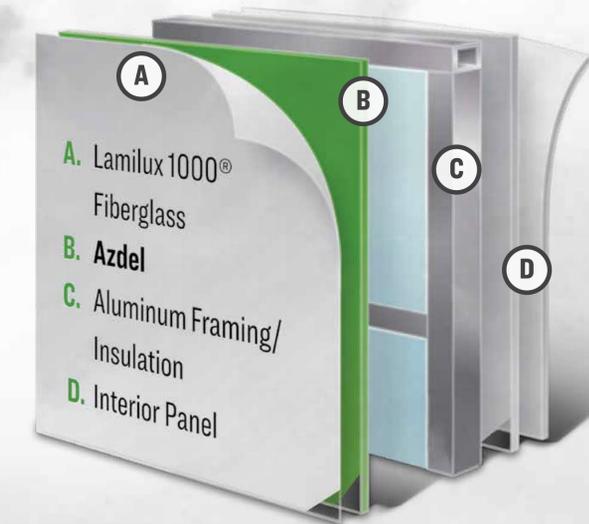

52 Cu. Ft. Pass-Through Storage

Upgraded "Drop Frame" for best in class exterior storage - many models.

PVC Membrane - Fully Walkable Roof

16" On-Center trusses featuring 3/8" decking, R14 Residential Blanket Insulation, finished with Best in Class PVC Roof Membrane.

- No treatments required - Ever! Save time every 6-12 months & up to \$100s annually.
- 15 Year Warranty, 100% coverage.
- 2x the puncture strength & 20% more tear resistance
- Will not chalk, streak, or spot.
- Extraordinary reflectivity keeping your trailer cooler

Azdel Onboard

Composite Panels, Patented Blend of Polypropylene and Fiberglass, replaces "wood" backing. Surveyor uses on Sides, Rear, Slide Room, and Front Walls (NA Front of Luxury, Fiberglass Cap)

- Protects against delamination - repels water; no rot, mold, or warpage
- 1/2 the weight of wood - keeps fuel costs down
- Unaffected by humidity or temperature changes
- Longer life and better resale value
- 2x insulation value - Blankets like a "Radiant Foil"
- Quieter RV - absorbs sound waves

ESSENTIAL MUST-HAVES

- 82.5" BARRELED CEILING
- 78" INTERIOR HEADROOM (Sub-4,000s)
- QUEEN SIZE BED
