FSX | X-LITE | WILDWOOD | DLX | LODGE | GRAND LODGE | HERITAGE GLEN

Specification Definitions

GVWR (Gross Vehicle Weight Rating): Is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating): Is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)**: Is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit’s assembly and prior to the installation of any LP Gas. The UVW does not include cargo, fresh or potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)**: Is the amount of weight available for travel in lieu of cargo. Additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate the internal water (1.8 lbs per gallon). Before loading the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho.
