Specification Definitions

GVWR (Gross Vehicle Weight Rating) – is the maximum permissible load on a vehicle (or any towed vehicle) when fully loaded. It includes all weights, including all fluids, cargo, optional equipment and accessories. For safety and product performance do not exceed the GVWR.

GAWR (Gross Axle Weight Rating) – is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)** – is the typical weight of the unit as manufactured and the factory. It includes all weight at the unit’s factory, and may or may not include all fluids, road and cargo weight. The UVW does not include carry-on cargo, optional equipment and all potential accessories.

ECC (Cargo Carrying Capacity)** – is the amount of weight available for the passenger, cargo, and optional equipment and accessories. It is equal to (GVWR minus UVW). Available ECC should accommodate fresh potable water (33 lbs per gallon). Before filling the fresh water tank, refer to the black and gray tanks to provide for proper cargo capacity.

** Estimated average based on standard build optional equipment.
Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label, weighing the unloaded vehicle weight at the final exit and the unloading capacity is applied to every Forest River RV prior to leaving our factory.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc. reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho. U.S.A.
