

XLR
TOY HAULERS

BOOST

**TAKE THE BEST VALUE IN ACTION CAMPING
ON YOUR NEXT ADVENTURE**

2022

WELCOME TO ACTION CAMPING™

From Side-by-Sides to golf carts, kayaks to _____ (you fill in the blank) hobbies; we are excited to introduce a whole new breed of RVers. You are **Action Camping™** folks because that's what you do. And XLR Toy Haulers make it happen in complete comfort, with the most rugged construction features available today.

CHOOSE FROM THREE DISTINCT SERIES DESIGNED WITH YOU IN MIND

BOOST FIFTH WHEEL

This is the best value on the market in Fifth Wheel Toy Haulers! The Boost series will make you a believer. These 102" wide models with a 96" ramp door opening are ready to get you out on the road and on the path less traveled. You'll find four distinct floorplans to choose from.

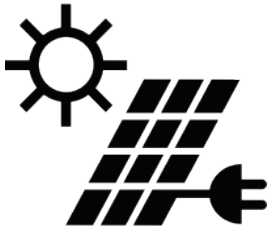

BOOST TRAVEL TRAILER

These 102" Wide Body Boost Travel Trailers are four-seat side-by-side ready! The increased 85" ramp door opening allows for an assortment of equipment entering the hauler. This spacious series allows for family, friends, pets, and all the toys leaving nothing behind.

MICRO BOOST FIFTH WHEEL & TRAVEL TRAILER

We offer 96" Micro Boost models in both Travel Trailers and Fifth Wheels. They're 6" narrower than our wide bodies and have lower ceilings but with a 78-3/4" ramp door accommodating even the larger toys. If you need lighter weight because of your tow vehicle, Micro Boost is for you. A Bunkhouse/Toy Hauler on a budget while offering standard features that you see in wide bodies make these units as good as gold!

TOP BOOST FEATURES

RV SOLAR POWER SOLUTIONS - GO POWER!

Unplug and go off grid. Charge your batteries anywhere the sun is shining with Go Power! solar kits. Whether you're a weekend warrior or a boondocking full-timer, Go Power! solar kits are the leading choice for dependable power, for wherever your adventures take you.

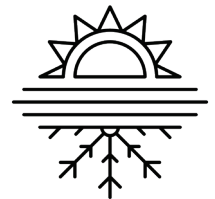

FURRION TANKLESS WATER HEATER (STANDARD)

Won't leave you in the cold. Don't get caught without hot water again. With a heating capacity of 2.4 gallons per minute, you'll have an instantaneous and consistent supply of hot water without having to wait for a tank to fill. With a powerful 60,000 BTU, the unit heats fast and performs effortlessly, even when temperatures drop to 34°F (1°C).

(R7 EQUIVALENT) FOAM SIDEWALL (STANDARD)

Utilizing residential insulation technology, Boost is using the most advanced foam insulation system in the construction of RVs. This best-in-class feature gives a consistent insulation coverage, aids in the reduction of noise transfer, and creates a natural water-resistant vapor barrier inside the interior of the RV's wall construction.

14.5K BTU ROOF A/C (STANDARD)

Furrion's aerodynamically designed, mid-profile air conditioner is engineered with dual-fan technology, an isolated plastic base, and lightweight insulated heat exchanger housing. It features up to 40% more efficiency (EER) over leading competitive models. The system meets the demands of any living condition.

BOOST

MICRO BOOST

Our Boost and Micro Boost series are designed for the Action Camping™ crowd that wants to get out as much as possible during the year. These light weight haulers are designed to be used and enjoyed—no matter the weather. Now get out there!

The 29LRLE features a fireplace and all the amenities of home plus a 13' garage.

The wide body 35DSX11 Fifth Wheel, with dual seating living area, provides plenty of storage along with an 11' garage.

13' garage with built-in entertainment space (29LRLE shown).

The 36TSX16 living area features full suite of Furrion appliances with two pantries, and plenty of storage.

This is our Micro Boost 335LRLE narrow body floorplan.

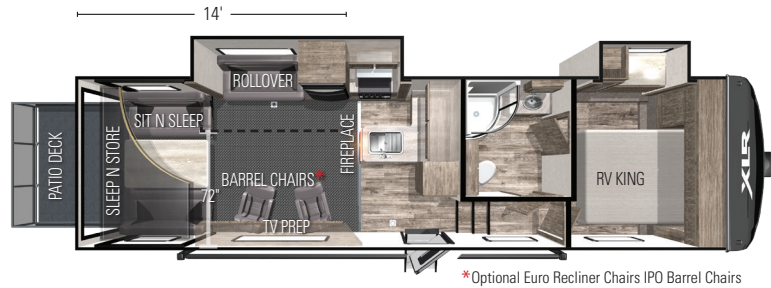

Full-sized bathroom with shower glass enclosure (36TSX16 shown).

Bedrooms in Micro Fifth Wheels feature a Queen bed, accent wall and cross ventilating windows.

Boost and Micro Boost offer unique floorplans for those seeking the RV lifestyle with a kick of action camping in their veins. Each floorplan's measurements were designed for the modern day toys you want to bring along to further enhance your action camping experience and recreational lifestyle.

*Optional Euro Recliner Chairs IPO Barrel Chairs

32RZR14	Hitch Weight (lbs)	UVW (lbs)	CCC (lbs)	Exterior Length	Exterior Height	Exterior Width	Water Capacities (fresh / gray / black)
Awning 15'	2226	9560	4666	33' 8"	13' 5"	102"	86/38/38

XTRA STORAGE

Fifth Wheel exterior storage increased 40% this year. We added storage space over the generator area and an additional compartment access door.

**SOUND**

Our new JBL Marine Series Speakers are ready to take on anything Mother Nature throws your way. These powerful speakers feature waterproof motor structures, a one-piece cast polymer basket, a sealed magnet and rubber surrounds.

WHY XTRA MATTERS?

What's XTRA BUILT? If you compare us to other Travel Trailers and Fifth Wheels, you'll see that an XLR Toy Hauler is simply built right. We know that Action Campers use their RV's the way they play—harder. So stronger construction and features mean you'll be ready for the road (or offroad).

XTRA CONSTRUCTION FEATURES

- 1 Body Armor Underbelly
- 2 16" On-Center Studs
- 3 3/8" Roof Decking for Full Walk-On Strength
- 4 5000-lb. D-Rings (Best In Class)
- 5 Oversized Axles
- 6 Larger Holding Tanks
- 7 5/8" Tongue-and-Groove Flooring
- 8 Gelcoat Fiberglass Walls (STD on all Boost and Micro Boost FW / OPTIONAL on all Boost and Micro Boost TT)
- 9 NXG Frames (STD on all Micro Boost FW & TT)
- 10 Cable Slide Systems Main Floor

CONSTRUCTED TO LAST

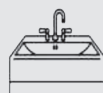

NXG frames are constructed with High Strength Low Alloy (HSLA) prime steel with specifically controlled properties.

Holding tank capacities are best in class allowing you to better enjoy your Toy Hauler experience without frequent interruptions to drain or fill the liquids. 86-gallon fresh tank standard on Boost.

Heavy-duty LCI® axles offer you the best in class carrying capacities.

Stainless steel kitchen and bathroom sinks, with residential faucets, provide modern appointments to hold up to all the activities like home.

Our Nitro-Fill™ radial tires offer a "No Excuses Guarantee" unmatched in the industry.

Renewable Energy Package is STD with a 190W Solar Panel, 30AMP Control Board for growth if desired, a battery for demo and display at dealership. A system harnessing natural energy for the 12V system.

5/8" tongue-and-groove plywood caps the traditional wood constructed floor structure.

XLR continues to offer the strongest 5,000-lb. tie-down anchor system in the industry to secure your precious cargo.

Body Armor Underbelly is a PVC laminated to a foil radiant barrier insulation to ensure the protection of your undercarriage and improve your in-cabin comfort.

Our 1.5" fresh water drain provides a lightning fast way to empty your tank.
